

String Art

Directions:

1. Dip a long piece of string into the liquid watercolor paint. Be sure to leave a tail of string out of the paint. Repeat this process for as many colors as you would like.
2. Take string out of paint jar and lay in a zig-zag pattern onto the paper.
3. Place another piece of paper and a protective covering onto the paper. Then place a book onto the paper.
4. Apply pressure while pulling the string straight out of the paper sandwich.
5. Remove top paper to see what you have created!
6. Experiment and have fun!
